Create, Curate, & Customize!

In a few simple steps, you can create a custom playlist tailored to a specific client, gallery, genre, or mood.

CREATE: MAKE A NEW PLAYLIST!

1. Within your ShootProof account, go to Photos > Music > Playlists > Add New Playlist
2. Give your playlist a clever name, like “Freespirited Families” or “Love Songs for Lovebirds” or “Dance Your Socks Off!”

CURATE: ADD SONGS TO YOUR PLAYLIST!

3. Go to Photos > Music > Songs
4. Sort, select, and listen to a few songs. Or, copy and paste a title from one of our suggested lists into the “Phrase in Song Title” search box on the left. When you find a song you like, click the “Add to Playlist” button.
5. Select the playlist to which you’d like to add the song.

***If you’ve joined the \$5/month plan, each playlist can contain 3 songs. If you’ve joined the \$10/month Ultimate plan, you can add a whopping 20 songs to each playlist!*

CUSTOMIZE: ADD A PLAYLIST TO A GALLERY!

6. Go to Photos > Galleries > Quick Actions > Settings > Gallery > Playlist
7. Choose one of your awesome new playlists and Save! Now your clients can rock out, get zen, or fall in love all over again thanks to music handpicked just for them!
